

**IU School of Education – IUPUI**  
**COTE Annual Report**  
**April 9, 2014**

The Committee on Teacher Education (COTE) at IUPUI met twice during the 2013-2014 academic year. During the December 2013 meeting a proposal to accept BIOL 10011: Principles of Biomedical Science as a general education course in lieu of BIOL N102 and a policy stating that students in the elementary teacher education or T2T elementary program may complete only one dual licensure student teaching placement as part of their teacher education program of study were approved for IUPUI. New undergraduate certificates in literacy and learning, Inclusive Special Education in Urban Schools (K-12), and ENL were also approved for IUPUI. A revised proposal for a B.S. in Elementary Education for the Columbus campus was approved.

During the spring meeting the committee approved a science/mathematics concentration for IUPUI elementary majors and discussed a proposed merger plan for the T2T and Woodrow Wilson.

Dr. Linda Houser

Chair - IUPUI COTE
