Re: Program name change

The purpose of this memo is to request an official name change from the *Elementary Transition to Teach Program - Master's Option* to the *Elementary Certification Master's Program (ECMP)*. Once this name change is approved, the *ECMP* will be re-established as a track (the name of this track was the *Elementary Certification Graduate Program* from 1990- 2004) of the C&I Department's Elementary Master's Degree Program. This change is due to the suspension of our *Elementary Transition to Teach Program - Certification Only Option* that occurred in January of 2011.
