

TEP Admissions/Graduation Requirements Policy Change

This is the policy proposal to allow undergraduate students to follow the requirements of their program in effect at the time they are admitted to IUB. This policy has already been approved by both Elementary and Secondary Education Councils. One implication worth noting is that all new program changes will need to be accompanied by an explanation of how students under the old program can meet the new requirements. This will be effective for all current and future students. This applies to all licenses and additions. If a student is away from the School of Education for more than a year, they would have to follow the new policy in place when they return
